Pop-op Patios,

It is with much enthusiasm that I am writing to say how pleased Downtown Timmins was with this summers Patios from your company Pop-Up Street Patios Inc.

In these unusual times of the pandemic, your excellent service and enthusiasm in helping us implement this service to our downtown restaurants was so appreciated. To many of our restaurants this was the lifeline that will help them survive 2020 and will compliment their business's hopefully in better summers ahead.

The public appreciated the quality, style, and function of the patios. Working with the city it was easy to work with infrastructures, the patios were unobtrusive and yet visible and safe to vehicles.

Thank you again, We loved the patios and doing business with you was a joy!

Thank You,

Noella Rinaldo

Executive Director
